THE FUTURE OF SANITATION

The Hygiene**PRO** range from EcoMotive delivers an innovative range of alcohol free sanitising solutions for both skin and hard surfaces. All are formulated to provide the highest possible levels of sanitation but without the concerns of their alcohol based counterparts.

Independent testing shows Hygiene**PRO** sanitisers kill 99.9999% of bacteria without the need for harsh chemical, irritants and potentially hazardous alcohol content. With complete destruction in under 30 seconds, even the most potent of bacteria like MRSA, E Coli and Norovirus are no match for the cutting edge Hygiene**PRO** formulation.

Taking sanitation levels to the next level, Hygiene**PRO** products also feature advanced shield technology to continue protecting long after application. An invisible barrier protects skin for up to 6 hours and hard surfaces for up to 30 days after application.

- **Kills 99.9999% of bacteria and viruses including coronavirus**
- **BSEN 1276, 12791 & 14476 approved**
- **Sanitises in just 30 seconds**
- **Effective for up to 6 hours on skin**
- **Advanced 30 day protective shield on hard surfaces**
- **Safe non-flammable, alcohol free formula**
- **Non-toxic and food safe**
- **Ph neutral (6.5-7.3)**
- **No skin irritation**
