Rockefeller Real Estate Switzerland

David Rockefeller - CEO

Our team, consisting of real estate agent, legal advisor and marketing department, is with confidence on your side. Every day, we commit ourselves to the wishes of our customers with passion and commitment. We attach importance to the fact that they feel understood and benefit from our experience as a real estate agent.

Our on-site team is internationally positioned and can therefore provide a wide range of knowledge and experience in many ways.

Rockefeller Real Estate Switzerland

Be part of the Rockefeller Family Switzerland

Rockefeller Real Estate Switzerland

Rockefeller Real Estate is based on a strong, local, national and international portfolio. Our focus is on the sale and placement of high-quality real estate and land as well as commercial real estate.

The Rockefeller family is a team of employees for whom nothing is impossible. We are firmly convinced that our expertise and proven solutions, achieve what is seemingly unattainable.

Real Estate

Rockefeller Real Estate Switzerland

As a real estate agent with the main residence in Switzerland, we offer our customers flexibility, personal care and first-class service. From sales to marketing, we are the first point of contact for our customers. We attach great importance to the fact that all real estate transactions are completed smoothly and efficiently.

This generally means:

- Marketing of the property
- Management and sale of objects
- Property valuation
- Personal advice on site
- Advice on the purchase of real estate

What is meant by real estate license partners?

In general, a licensee understands a concept in which an independent entrepreneur can rely on proven sales structures of an already existing company (in this case the licensor). The licensor provides the structure and guidelines that form the basis for the joint cooperation between licensee and donor. All sales-related processes are carried out under a company name. The License Partner Concept provides the perfect framework for dividing and multiplying a good business idea across multiple partners.
