Every place in your city which always has lots of people

It doesn't matter all if it's a restaurant, beauty salon, bar, hotel or a spa-salon. Each of them is interested in it.

For 100\$ a place gets:

- 1) A great service
- 2) A happy client
- 3) A good deal

IMAGINE THAT YOU ARE AN OWNER OF A RESTAURANT

Every day you and your colleagues get lots of questions like

- Where can I charge my phone ?
- Where can I find a power socket?
- Could you please give me a table near the power socket ?
- May I leave my phone to charge at the bar?

AND WHAT DO YOU SUGGEST THEM ?

Right! Power sockets!

1. - Leave it at the bar
2. - We will give you a table near the power socket
3. - We will charge your phone in a storeroom

Average attendance
of your place is
250 people in a day

AND THEN YOU GET SOME ISSUES

1. AT THE BAR

A barman accidentally spilled cocktails on the phone. Or not a barman but a visiter.

2. NEAR THE POWER SOCKETS

A visiter doesn't have a charger and his phone is almost dead. You give them your charger and then they just take it away. Or there may be lots of visitors but only 4 sockets.

3. IN A STOREROOM

Won't my phone be stolen ?
We don't know. Who will watch after it ?

CHARGING PHONE IS YOUR RESPONSIBILITY
