Roll back

To a summer vacation to Los Angeles in 2009. Our founder met and fell in love with "Bubble Tea", a stunning combo of tradition (tea base) and 21st century cool (fun flavors with a choice of popping bobas or jelly toppings).

Time to bring Bubble Tea to Germany with her own top-secret recipe, brewed with love and a healthy heaping of mischief.

One year later - meet MEITO !

Launch of The

MEITO Store!

Open for franchise, Home with its "game face" on. Lots of brewing of new ideas, and a new menu for yummy, healthy food.

Family Philosophy

Will it make you and us feel good?

The MEITO teams are fanatical about fun, fairness, and quality. We're dedicated to creating spaces where people can chill, care about each other, and refresh with heaps of healthy brain and body fuel.

Make Yourself at Home.

Relax, Refresh and Socialize!

Feel good with friends - fun-infused drink experiences, quality, ultra healthy food and bubbling company.

The MEITO Store Design is centred round the concept of “home away from home”, where customers can relax, chill or socialize just as they would in their own home. Warm colors and

natural, repurposed materials create an informal, welcoming ambience, with comfort and companionable seating arrangements in mind. Think sociable, comfortable, and sustainable.

OUR FAMOUS CONCEPT... BUBBLE TEA.... OUR SPECIALITY!

What is Bubble Tea?

Traditional Tea Meets Crazy Cool!

Take a quiet little cup of tea minding its own business, blast it with a milk or fruit flavor or syrup, throw in the “bubbles” (yummy bites of jelly or tapioca pearls), and get ready for an explosion of fun.

Hot or Cold – Bubblelicious!

A never-ending experiment of a drink! With 6,615,000 unbelievably unique combos and an average of just 40Kcal/100ml, this is seriously the coolest beverage on the planet.

Every day is straw-slurping good!

MEITO has re-invented Bubble Tea, from a single treat into a way of life and social experience, with our MEITO Dispensing Machine, a “state of the art” invention created exclusively for us by the finest German electronic engineers and robotics designers. Capable of producing endless wonder in seconds, you will find a MDM burbling to itself at the heart of every MEITO Store.

Now you know why one of our co-founders was determined to bring Bubble Tea to Germany!

Passionate about consistently awesome food and beverages

Humans cannot live on Bubble Tea alone. That’s why we also offer a yummy menu with oodles of calorie-conscious, healthy bites, whatever time of the day you feel like munching.

At MEITO, our high standards and passion for consistently excellent food and beverages are all part of making you and us feel good. Along with our famous Bubble Tea, MEITO delights the senses with yummy, “work of art” snacks designed to create the “chill, relax, refresh” experience. Delicious, visually eye-catching awesomeness. Speciality coffees, teas and juices provide a little extra sparkle.

Using sustainable, in-season, locally grown ingredients, MEITO represents the best of home-cooked meals - healthy food surrounded by great company. Home away from home.
